

# Cerberus Cyber Sentinel Corporation

We're pioneers in the emerging space of security managed services. Our holistic approach ensures you're secure in every area of your business.

We call it MCCP+ "Managed Cybersecurity, Compliance, and Culture."

## About Cerberus:

- Leader in security managed services
- Offices & resources across the USA
- Full team of security & compliance experts
- Certified forensics experts
- Government SEC clearances
- Publicly traded (Ticker: CISO)

**2**  
SECONDS

Every 2 seconds, a company falls victim to ransomware

**207**  
DAYS

Average amount of time a hacker is inside a company's systems before being discovered

**\$4,000,000**

Average cost of a data breach in 2021 (estimated)

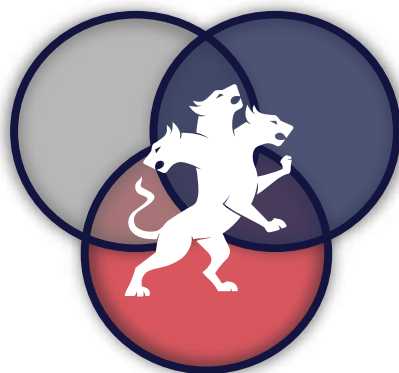

Our holistic approach was founded on the belief that every company should have a robust program for cybersecurity, compliance, and the culture necessary for those programs to thrive. We leave no stone unturned in our effort to ensure your company is safe, secure, and compliant.

## MCCP+

### Managed Cybersecurity & Compliance Provider + Culture

We believe culture is the foundation of every successful cybersecurity and compliance program. Our unique offering of MCCP+ is the holistic solution that delivers all three elements under one roof from a dedicated team of subject matter experts. What's more, our technology agnostic approach enables us to work with any business, no matter their systems or tools. This is the Cerberus Sentinel Solution.

### Compliance

- Assessments
- GAP Analysis
- CMMC
- FedRAMP/StateRAMP
- NIST
- HIPAA
- GRC Monitoring

### Cybersecurity

- SecurityRiskAssessments
- Penetration Testing
- Vulnerability Scanning
- Remediation
- Forensic Analysis
- Incident Response
- End-Point Monitoring

### Culture

- Awareness Training
- Phishing Detection
- Threat Reporting
- Certification Training
- Cyber Defense Training
- Budgeting & Planning

## Cerberus Sentinel Partnership Model

Our approach is a bit different than you may be used to. We are not consultants, we are partners on demand. With today's challenges in hiring experienced cyber and compliance professionals, our team becoming part of your team is the ideal solution.

# Cybersecurity is a Culture, Not a Product™

## Incident Response

When the worst happens, we are there to help you pick up the pieces. We stop the hackers in their tracks, reverse the damage, and stop the bad guys from coming back.

## CISO-As-A-Service

We're your trusted partner with the experience needed to design a cybersecurity strategy, build a plan of attack, allocate budget, manage teams, and handle executive level reporting.

## Compliance

We know compliance like the back of our hand. From CMMC to NIST, StateRAMP to FedRAMP, we have the skills and expertise to guide you every step of the way.

## Training

Our training programs empower your team to eliminate hacker's attempts with a range of certification prep courses and our unique approach to creating a culture of awareness.

## Testing

Security testing is crucial to a strong cybersecurity program. We test everything from networks & applications to med devices & aircraft. We also offer social engineering & red team exercises.

## Assessments

The only way to know the state of your cybersecurity and compliance is from assessments. We provide the full range of assessment services to enable you to eliminate risks, gaps, and vulnerabilities.

## Remediation

Our holistic approach to remediation means you only need to work with one company to repair systems, restore data, & remove intruders. We fix everything from cybersecurity to compliance to IT.

## Forensic Investigation

Our certified cybersecurity forensic experts collect and preserve evidence for legal proceedings and insurance claims.

## Secured Managed Services

Full scale network services, 24/7 concierge tech support with security configuration & patching management.

## Cerberus Sentinel

Cerberus Sentinel is a Managed Compliance and Cybersecurity Provider (MCCP) with its exclusive MCCP+ managed compliance and cybersecurity services plus culture program. The company is rapidly expanding by acquiring world-class cybersecurity, secured managed services, and compliance companies with top-tier talent that utilize the latest technology to create innovative solutions to protect the most demanding businesses and government organizations against continuing and emerging security threats and compliance obligations.
